

# ARMORED GUARDROOM

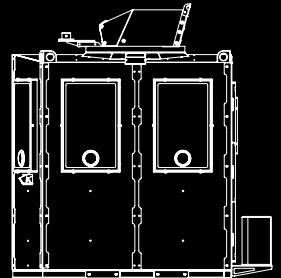

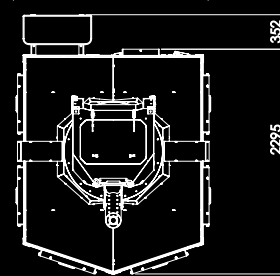

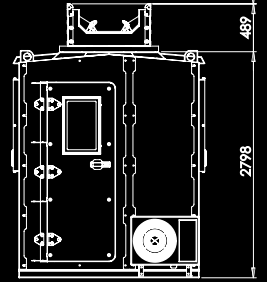

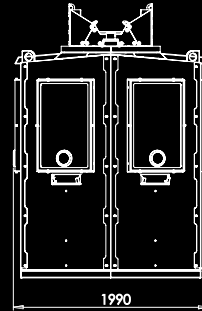

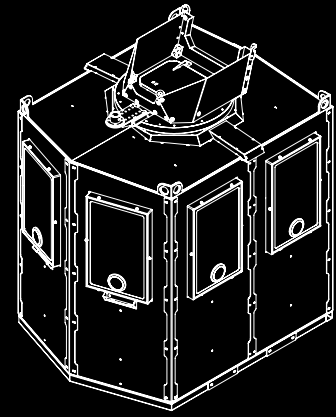

## CEN B7 PROTECTION

Providing portable protection for security personnel, with an optional 360o rotating turret, the guardroom acts as a first line of defense into your facility or at critical road intersections and as a regular checkpoint. Additional features include an external AC to regulate temperature, 6 large ballistic windows with gun ports, a reinforced door fitted with heavy duty hinges, dead locks and a viewing glass.

# BASE SPECIFICATIONS

- CEN B7 / STANAG Level 2 Protection
- Bullet Resistant Exhaust Ventilation
