

## LAND CRUISER 300 VPAM EDITION 3 - VR7 CERTIFIED

### WORLD'S FIRST

The release of the new VPAM Edition 3 Standards coincided with the announcement of the **all new Toyota Land Cruiser 300** (TLC 300). We are happy to be the **world's first** manufacturer to successfully complete the **certification** of the TLC 300 to the new **VPAM Edition 3 VR7 Standards**, including the use of a **Biofidelic Dummy**, over 580+ ballistic rounds, 9 blasts, and **ZERO penetration**.

The TAG TLC 300 is a large vehicle, offering comfortable seating for up to 5 passengers and a large cargo space. The vehicle is available in both Diesel and Petrol as well as LHD or RHD and comes with an upgraded suspension, brakes and run flat inserts fitted to all wheels.

Our new VPAM Edition 3 VR7 BRV & ERV certification on the TLC 300 comes from rigorous ballistic and blast testing procedures, administered by the acclaimed and certified Beschussamt Melrichstadt facility in Germany.
